Kann man lesen, muss man aber nichtVon RosenDer Roman ist handwerklich gut gemacht und es gibt einige schne Momente, d.h. die Darstellung einer Ehe in der Krise ist ganz gut und interessant dargestellt. Das Tempo ist auch ok, es ist nicht langatmig und manchmal sogar ansant. Allerdings sollte man keine hohen Ansprche haben: es werden eine

Menge Cliches bedient, besonders die männlichen Figuren werden sehr schemenhaft gezeichnet. Ich würde sagen, zum Abschalten am Strand oder an einem kalten und nassen Novemberabend in Ordnung, mehr aber nicht wirklich. Gut, wenn man sich einfach ablenken will. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr lesenswertes Buch! Von Friedrich-Martin Deuschle Die Autorin beschreibt sehr deutlich und eingängig die verschiedenen Herausforderungen, die im Laufe einer Ehe auftreten. Die Hauptperson sieht ihre Rolle auch sehr kritisch und hinterfragt ihre Handlungen und Entscheidungen zu entsprechender Zeit. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ideal holiday reading Von Gillian Platzdasch The story of a families immigration to Australia with all the personal and classical problems involved. It is a catching story to the end - easy reading and ideal for inbetween times.

Kurzbeschreibung Katie and Toms marriage is in trouble. As is their bank account. So when Tom tells Katie that they need to talk, she knows it must be about one of two things. Either he has found out about her kiss with her best friends husband, or they are in even worse debt than she thought. What she was not expecting was for him to tell her that his boss is sending him to Australia. Permanently. But the home-loving mother of two from London realises it might just be what they need to save their marriage. Trouble is, she doesnt much like heat, cant swim properly and hates spiders. Then theres the Sydney yummy mummy with a cleavage youd lose your car keys in, eyeing up her husband. Not to mention the bouts of homesickness and Toms endless business trips. Taking the bull by the horns (or at least pulling on an old Speedo) she tackles her fear of the ocean first. Can Katie find a way to patch up their marriage? Can Australia provide the spark they need? Or will it send the whole thing up in smoke? And just which side of the globe will she decide to call home? An entertaining, fast-moving, page-turner for anyone dreaming of a new life. Sophie King, best-selling author of The School Run Kendra Smith has been a journalist, wife, mother, aerobics teacher, qualified diver and very bad cake baker. She started her career in Sydney selling advertising space but quickly made the leap to editorial - and went on to work on several womens magazines in both Sydney and London. With dual Australian-British nationality, she currently lives in Surrey with her husband and three children. Jacaranda Wife is her first novel.
