I just waited until I had all books to read them back to back and now I do. Yay I was so excited to dive into this book, that I began it with a grin on my face :) This book started so good. It's a bit different. King and Preppy - the way they met and the way they talked-

LOVED it. The way the first chapter was made, really made me want to continue reading this book. :DPreppy was definitely my fave character. He was awesome. Funny, weird and caring (as long as it's about the ppl that mean sth to him). I really fell in love with him. I'd love to have a best friend like him
