**Von Susan Elizabeth Phillips : Kiss An Angel (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kiss An Angel (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 9 von 9 Kunden fanden die folgende Rezension hilfreich. Suspend your belief and then... Von Miriam The literary critic (ha!) in me tells me I shouldn't give this 5 stars, but who cares. this was a sweet, I suppose kind of old-fashioned book. The story is quite implausible, and the whole Romanov thing

is ridiculous, I think she should have left that out. but anyway, forgetting all that, it's a nice happy ever after story, and you just love reading about how Daisy finds her place with Alex and with everyone else. I've never found any of these books in Ireland, but they seem to be quite popular in Germany7 von 7 Kunden fanden die folgende Rezension hilfreich. Perfection!Von CustomerThis book was special. I read this book and fell "in love" with the two characters. I felt a particular attachment with the main character Daisy. I felt every disappointment as if I had experienced them myself. I wept through the misunderstandings, frustrations and struggles she experienced (the unfairness of it all!). In the end, I was in awe of her capacity to love/forgive. I was frustrated with Alex's inability to see Daisy for what she was-- truly special. In the end, he won my forgiveness for finally seeing her "specialness". Don't get me wrong, Daisy wasn't perfect in the "sugary" way, rather her strength of character was subtle and endearing.Its rare, this deep connection to a character or story line. I've wept and enjoyed touching moments in other books, but this was written in a way that somehow I felt I was directly involved in the story.SEP is a wonderful writer, and she has written some very good books. KISS AN ANGEL is my favorite. The others might be more humorous, this one is touching.4 von 4 Kunden fanden die folgende Rezension hilfreich. Not her usual standardVon AllegrissimaThis rather early work of SEP does not have the wit of her later novels (as in "Ain't she sweet?")The author tries too hard to construct a romantic circus flair, together with a lot of hilarious ideas like a male main character (a circus artist) being the secret great-grandson of the last Russian czar or a female heroine being the soulmate of an old untamed Siberian tiger (yes, you have read correctly. And it does not relate to a member of a football team. A tiger as in an animal.)Once again the author follows her number-one-principle of the correct development of true love: He does not believe in love, she does (and very much so), but both feel a strong sexual attraction. Finally she loves too much and starts to suffer, so she has to leave and give him a chance to recognize his strong feelings for her. Now he is the one who suffers, has to find her, bring her back and convince her that he really loves her...Sometimes Susan Elizabeth Phillips creates so funny details and witty dialogues that the reader is happy to ignore that he is served the same lovestory again, but this book is not funny at all.Furthermore I am not into the theme of dominance and submission which is not really a central theme but very often "hinted at" in this book. (Ladies, you should only read this book if you are secretly dreaming of being commandeered by a strong male...Those of us who prefer a strong-minded savvy heroine are better off with the already mentioned "Ain't she sweet?!")There are a lot of better books by this author. Be sure to have read all of them before you waste your time on this one.

KurzbeschreibungHow did pretty socialite Daisy Devereaux find herself in this fix? She can either go to jail or marry the mystery man her father has chosen for her. Alex Markov, however, has no intention of playing the loving bridegroom to a spoiled little heiress. As humourless as he is deadly handsome, he drags the irrepressible Daisy away from her uptown life and sets out to bring her down a peg or two. Except it won't be as easy as he thinks. This man without a soul has met a woman who's nothing but heart. Will vows spoken in haste shatter or offer the promise of love everlasting?From Publishers WeeklyReaders who have enjoyed Phillips's writing in the past (Heaven, Texas) will be disappointed by her latest contemporary. In dire straits as a result of her irresponsible lifestyle, Daisy Devreaux is given an ultimatum by her outraged father?jail or an arranged marriage to Alex Markov, a broodingly handsome Russian handpicked by her father to teach Daisy the error of her ways. It's a thin plot that's kept going by a superabundance of sex. In better outings, Phillips's razor sharp wit might keep things afloat, but there is nothing funny in the mean-spirited and abusive hero. Copyright 1995 Reed Business Information, Inc.Pressestimmen"Susan Elizabeth Phillips is one of the best writers of contemporary women's fiction in the twntieth century!"-- "Affair de Coeur"
