Holy hotness...Von LittleDarlingBefore starting to read this book, you should call the fire brigade it is that scorching hot. Bella Jewels heroes are sex and masculinity personified. I think I might still have smoke coming out of my ears.But besides being super-duper unbelievably sexy and hot, it was also an emotional, intense, dramatic and suspenseful

story. It has everything a good book should have, and then some more. The story picks up where Heavens Sinners ended and focuses on Jackson and Serenity the woman that suddenly showed up at the compound asking for help at the end of the last book. The woman that reaches Jackson's heart. The woman that was sent by Hogan to make the club vulnerable. The woman that might break Jackson for good. The characters were as in the two prior books amazing. There is not one character that is unlikeable well, except Hogan. But Jackson was always my favourite, closely followed by Muff and this book proves me right. Jackson is the perfect biker. There is just something about him that made me swoon and my knees wobble from the first time he was mentioned. He has a good heart, is caring and loving, but when pissed off better not to be messed with. He is fierce and so unbelievably sexy. Under all the gruff and growly exterior is so much passion, love and emotions. He falls for Serenity quickly and hard, wrestling with himself not feeling good enough for her. Thinking she can do better than him. But she worms her way into his heart and well, also into his pants, which allows us to see a sweet and sensual side of Jackson. And he's one kinky biker. I swear I thought I will be sitting on a heap of rubble by the end of the book as things were catching on fire it is so hot. The sex. Wow, just wow. I was speechless mainly cause I was drooling and panting. No wonder Serenity couldn't stay away from him no matter how hard she tried. Being torn between the task she was sent to accomplish, her father's threats and her feelings for Jackson, she's in no position to be envious of. At least when it comes to this. Other positions she ends up in that is a whole different matter. Serenity is a scared young woman that was terrorized by her father all her life, yet, I did not find her to be weak. Actually, I considered her to be strong allowing herself to feel despite having been told she's a waste of space all her life. She isn't clingy or needy and she demands respect. She loves fiercely and is willing to risk everything for the man she loves. Even her life. But will the only man she ever wanted be able to look past her betrayal? As danger looms and the truth comes to light, not only lives are threatened but also Jackson's and Serenity's hearts and their love. Will they be able to recover and to forgive? Will they be able to have a future beyond this betrayal? Oh the journey to find this out was full of eroticism, sensuality, passion, suspense, heartache and drama. I loved every bit of it. And I loved Muff he is absolutely sexy inside and out. In this book we get to learn even more about his character, which makes me even more impatient for his novella. He is just raw. I loved this book. I loved this whole series. And I am heartbroken to see this series end. I will miss those hot, sexy, stubborn, passionate, strong, fierce and caring bikers as well as the woman that won their hearts. 5+ incredibly erotic, fire-starting, emotionally wrecking stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Enttäuscht! Von Tanja Müller Die Story hat leider nicht überzeugt. Sie ist unglaubwürdig und kein bisschen romantisch. Ich empfehle lieber die Bücher von Madeline Sheehan hier stimmt alles auch die Geschichten rund um einen MC-Club.

Kurzbeschreibung Recommended for readers 17+ Jackson is always considered the 'softie'. He's the first to help people out when they're in need. He's President of the Hell's Knights and he figures it's about time he shows the world how much of a sinner he can be. Serenity has a dark past. Secrets haunt her and she has no way of escaping them. Hogan is the only family she knows and life with him is brutal. And it's about to get worse. He sends her on a mission. On a mission to destroy the Hell's Knights and the Heaven's Sinners. Can she pretend with a club she doesn't know? Or will she betray Hogan for the man she's falling in love with? Contains one M/F/M scene. **Kurzbeschreibung** Recommended for readers 17+ Jackson is always considered the 'softie'. He's the first to help people out when they're in need.
